

*The beauty of writing our destiny is that it gives us a sense of sovereignty – an unbridled power to give focus to the truth of all we are and all we are becoming.*

The voice of the Sacred Storyteller  
works with intention, imagination,  
insight, and boldness –  
a boundless resource of creativity,  
worth and prosperity.

When you fully embody her voice,  
you access the freedom to live in the  
radiant richness of your destiny.

*The Sacred Storyteller archetype is a destiny definer,  
an intentional igniter of our most fulfilling future.*

## **THE SACRED STORYTELLER**

SACRED AGREEMENT: Living my truth is living my destiny.

SOUL CALLING: I speak with intention to manifest my purpose.

SHADOW: Self-betrayal. Fear of being judged. Denial of power.

### **THE SACRED STORYTELLER:**

The Sacred Storyteller is a communicator who understands that the quality of story can either inspire new ways of thinking or scare us into holding back and limiting ourselves within the safe confines of old habits.

The Sacred Storyteller knows by rewriting stories she accesses the power to change the course of her future – reinventing purpose and identity – using the vast power of her words to ‘speak into being’ a purpose-infused legacy.

The power of *The Sacred Storyteller* is accessed best when the other three energies are activated and present: *The Feminine Warrior*, *The Passionate*, *The Sovereign*. That is when we are free to bring forward the truest, most authentic self – when patterns of interaction are free-flowing and healthy, and when we work towards a meaningful purpose–empowered destiny.

*The process of re-storying our lives is an alchemical journey.*

*It a calling into our essential spark of genius.*

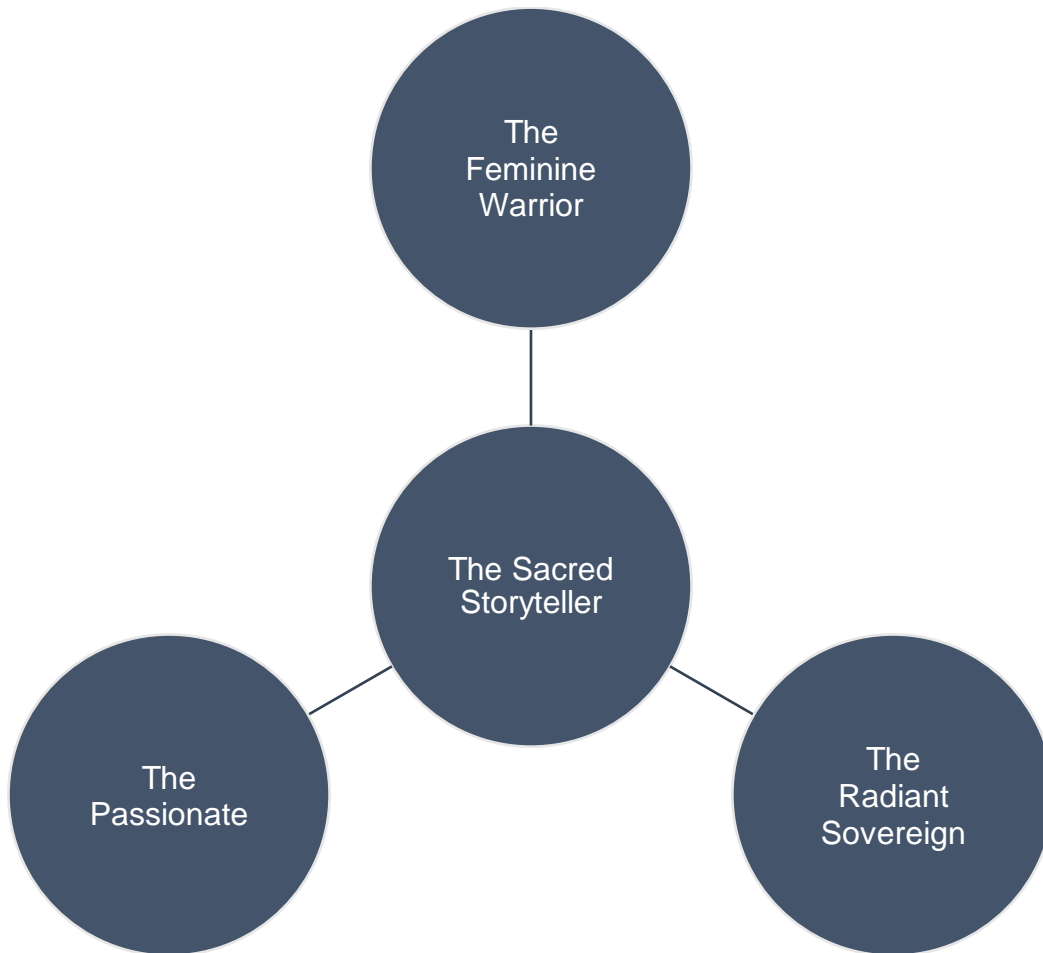

*The lessons of the past can be utilized to fuel the exposure of beliefs or assumptions – allowing the deeper story of our calling to emerge – but only if we are able to jump beyond the confines of our narrative, only if we allow our authentic narrative to fuse into a new identity.*

Within the heart and soul of every human being is a story, the retelling of our lives; past, present and future – both the stories we have woven from our choices and actions, and those yet untold and unforeseen.

*The emergence of the sacred storyteller...*

- Knows her personal truth and walks it boldly in the world, dissolving systems and transmuting stories of repression that are ready to be transformed.
- Is courageous because she knows her truth is aligned to the wisdom of her callings and the power of her genius.
- Fights the 'good fight' on behalf of life and brings integration and balance to disharmony, clarity to confusion, compassion to harsh judgment.
- Commands respect because time and time again she has descended into the shadows and surrendered to her authentic truths.
- Allows herself to be drawn into unity and partnership with the empowered aspects of both her masculine and her feminine qualities.

Once the intentional voice of  
the Sacred Storyteller is amplified,  
mindsets expand, flexibility unleashes,  
resourcefulness takes hold and  
our view of life changes –  
creativity rises, opportunities reveal  
and we stand bold and strong in our  
power to define our destiny.

THE FEMININE WARRIOR: *How am I equipped and prepared to serve?*

THE PASSIONATE: *Who am I when I am being the expression of my most impassioned self?*

THE RADIANT SOVEREIGN: *How will I imagine a new vision of what's possible?*

THE SACRED STORYTELLER: *What new story will I allow to emerge?*

*The most important creative step you can take  
is to allow yourself to emerge in the  
unrecognized power of your destiny.”*

*How am I equipped and prepared to serve?*

*Who am I when I am being the expression of my most impassioned self?*

*How will I imagine a new vision of what's possible?*

*What new story will I allow to emerge?*
