SESSION SIX

THE VISIONARY

Boldly go where your heart is calling you to go.

Habitual attitudes often blind us to new possibilities and options.

**But the Visionary knows that life and work is most fulfilling
when evolving beyond the known.**

SACRED AGREEMENT: To trust the creative callings of my heart.

SOUL CALLING: To step forward on a path that has yet to be paved.

To say something that has yet to be expressed.

To believe in something that has yet to be proven.

SHADOW: Self-importance. Procrastination. Perfectionism.

The Visionary archetype is a creative thinker, a seer.

Known for her powers of imagination and forward-thinking, the Visionary is able to examine problems and come up with innovative solutions, to see the world in a radically different way to others and set out the road map to get there. An innate optimist – the Visionary believes that the seemingly impossible can be achieved.

The Visionary possesses creative confidence and is able to see the potential in the world and in those around them. They enjoy the opportunity to create spaces where they and others can be creative and indulge in their natural curiosity about the world and its workings.

The Visionary believes in the invisible because she has seen it in her soul. What others deem to be brave, bold or gutsy, the Visionary knows as being guided by sheer inspiration – a spiritual muscle of courage that motivates her to act on her ideas.

Her greatest strengths – a capacity for vision, insight, inspiration and courage – grows as a sacred partnership for the Visionary. It's essential the actions of the Visionary must be in service to her vision, otherwise she can hover on the edge of apathy prompted by an abundance of unexpressed ideas.

THE REALM OF THE VISIONARY

You are living in the realm of THE VISIONARY when:

- The Visionary is assertive, direct, energetic, vibrant.
- The Visionary is able to inspire belief and confidence in others.
- When the Visionary believes they are right about a concept or idea, they will not shy away from expressing it, and lean towards strongly held opinions.
- The Visionary is able to hold the attention of an audience through the power of their ideas and words.
- The confidence and boldness of the Visionary allows her to command attention, and equally enjoy the attention which their gifts have a tendency to bring to them.
- The Visionary also has a gift for elevating the possibilities available to others and for society more broadly.
- The Visionary serves to help people explore what will happen in the future if they make certain choices and how they may be able to make a positive impact on society.
- The Visionary's great clarity to anticipate the impact of future actions enhances their empowered ability to create positive impact.

The Visionary sees new solutions
moving ceaselessly to create a better future.

Harmonizing the balance between
wisdom and a disciplined mind,
she aims for igniting the will
to make her dreams real.
